

# AN AGREEMENT ON OSTEOPATHY BILL

Regular Doctors Will Allow Them to Practice in Certain Cases

## ONE ON MEDICAL BOARD

Substitute Bill is Being Drawn Up Which is Very Likely To Pass.

### WILL AMEND THE GAME LAWS

Madison, Wis., April 17.—An agreement has been reached between the regular doctors and the osteopaths by which a bill will be passed allowing the osteopaths to practice in certain cases, and giving them one member on the state medical board. The osteopathy bill was on the assembly calendar this morning, but was put over until tomorrow with the drawing of a substitute in accordance with their agreement.

The assembly spent two hours discussing the bill to allow "Pump" Carpenter to sue the state for an old printing claim amounting to about fifty thousand dollars. The bill was finally killed 75 to 18.

The Williams bill authorizing the statement of country industrial schools or reformatories was concurred in by the senate. The Mills bill prohibiting contributions of more than \$100 to the campaign fund of any candidate or committee was killed by the senate.

**Senatorial Apportionment.** Madison, Wis., April 17.—The joint apportionment committee last night took up the senatorial district, but so far little headway has been made. In the reports of the sub-committees, thirty-four districts are asked for, although the law only allows thirty-three.

The assembly committee on town and county organization has decided to report in favor of the division of Chippewa county and create the county of Gates. The division has been decided upon as provided for under the original bill to create Rusk county but the name was changed to Gates.

**Legislative Bills on File in Counties.** The senate committee on education has decided to report a new bill providing that henceforth county clerks shall keep on file in the several offices complete files of all bills, resolutions and memorials introduced in legislatures. The state is to supply the clerks with copies of these documents and the copies are to be accessible at all times during office hours.

The committee also decided to favorably report with a slight amendment, bill No. 3158, authorizing the appointment of deputy county superintendents of schools in counties having 150 or more teachers. This bill will affect forty-two counties.

**To Amend Game Laws.** The committee on fish and game had an important session last evening, deciding to recommend 278S, which embodies all the laws proposed upon the subject of fish and game. The bill makes a large number of changes in the present laws which are of general interest, and enlarges the powers of the fish and game warden and his deputies in material respects. The bill provides for the issuance to wardens and other officers warrants to search for game in the possession of any person illegally. The number of wardens is changed so that there shall be two in each congressional district.

**Fix Time for Adjournment.** The joint committee on rules decided last evening to report the Kreutzer adjournment resolution with an amendment fixing the date of adjournment on May 11 instead of May 4. Chairman Whitehead of the committee said that he expected to report the resolution back in the morning.

**Notaries Must Pay.** Madison, Wis., April 17.—Notaries public who travel will continue to pay their fares. The assembly yesterday refused to exempt them from the workings of the anti-pass law. The bill killed was fathered by Assemblyman Elme of Milwaukee, and had been getting along swimmingly until it reached the question of passage. The vote was thirty-five for and forty-seven against it.

Mr. Elme spoke for the bill, stating there was no reason why such clerical appointees as notaries should not be exempted. They wield no particular influence for or against corporations. Assemblyman A. R. Hall said it would not be consistent to vote for this bill after having passed a resolution submitting the anti-pass bill to the people.

The passage of the Elme bill at this time would give the senate a good excuse for killing the anti-pass resolution.

**McCarthy-Winn Wedding.** Beloit, Wis., April 17.—At eight o'clock this morning at St. Thomas

church occurred the wedding of Mr. William E. McCarthy and Miss Alice Winn, both of this city. Miss Margaret Winn, sister of the bride, acted as bridesmaid and Mr. Joseph Breen was best man. Miss Winn is the daughter of Mr. T. P. Winn of this city and has many friends, who will wish them much happiness.

### Train Goes Over High Bank.

Cumberland, Md., April 17.—A heavily loaded freight train jammed into a five-ton rock which fell on the West Virginia Central and Pittsburgh railway tracks at Chaffee. It had been loosened by the heavy rains and snow, sixteen inches having fallen since Saturday. The engine and ten cars were hurled over the embankment two hundred feet. All the crew jumped except John P. Porter, brakeman, who was fatally crushed.

## FRIARS HAVE LEFT THE PHILIPPINES

Few Only Remain in Manila But No More Will Be Allowed in the Provinces.

Cebu, Island of Cebu, Philippine Islands, April 17.—Judge Taft, president of the Philippine commission, says that Manager Chappelle, the papal delegate to the Philippine Islands, told him that the friars were not to return to the provinces and that only a sufficient number of them were now in Manila to act as instructors in the colleges. This disposes of the trouble some "friar question."

Cebu is the first island to be visited by the commission upon which the insurrection is still active. It is unsafe to leave the City of Cebu without an armed escort. The delegates from the towns of the island, who are now here anxious for the establishment of a provincial government, which they believe would assist in ending the insurrection in Cebu.

## SALOON ISSUE IN ILLINOIS ELECTIONS

Honors Were About Even Where Party Lines Were Drawn in the City and Town Contests.

Chicago, April 17.—Elections were held in early all of the Illinois cities and towns yesterday. In a majority of them the issue was the saloon. Where party lines were drawn honors were about even.

In Peoria, where the republicans waged a bitter factional fight against themselves, William F. Bryan, Democratic candidate, dislodged Henry W. Lynch, the republican incumbent, and a candidate for re-election, by a majority of nearly 3,000, the largest ever given any candidate in that city.

Arwine Price, republican, was elected for the fourth time Mayor of Elgin. At Rockport two non-partisan tickets were in the field. The republicans won in Preport. Waukegan turned out all of the democrats and elected the entire republican ticket, with the exception of one alderman.

George Aischuler, brother of the democratic candidate for governor, was elected Mayor of Aurora.

## ROCK RIVER CREAMERY

New Company Has Occupied the Kastner Warehouse on Center Avenue, and Are Ready for Business.

The Rock River Creamery company is the latest enterprise to make a bid for business in this city.

M. B. Clark is president and J. J. Clark secretary. They have rented the Kastner warehouse on Center avenue and are now ready for business.

They make a specialty of butter and eggs. The plant is in reality a butter processing factory. They make a business of buying from creameries, farmers, stores and packing concerns, butter that has become rancid and stale and unfit for use and sending it to their factory where it is put through a secret process and all of the undesirable qualities removed.

The plant is a first class concern and has a capacity of about a carload or 20,000 pounds of butter a week when it is worked up to its full capacity.

There are numerous creameries about the country, but this is the first plant of this kind to be located in Janesville. Evansville already has a concern of this kind which does an immense business. It is expected that this plant will be equally successful when once in operation.

**Grandpapa Norcross 3 Times.** Captain Pliny Norcross now has three grandchildren to be proud of. On Sept. 10, 1900, a son, Paul Norcross Mason was born to George A. and Bessie Norcross Mason; October 12, 1900 a daughter was born to John V. and Marian Ruger Norcross; yesterday, April 16, 1901, little Phoebe Wren Norcross was born to Fred and Alice Wren Norcross; three grandchildren in the last eight months is something that would make most any grandfather feel happy.

# REGRET MANIA FOR SPECULATION; ALARMS THE TREASURY OFFICIALS

Large Over Capitalization and a Day of Reckoning Certain When an Effort is Made to Squeeze All the Water from Securities.

Washington, D. C., April 17.—Treasury officials are concerned about the result of over speculation in Wall street. They have reported the matter to the president, and the influence of the treasury department is being exerted more and more to induce the New York banks to act in a more conservative manner. Officials talked with say that while there is not a shadow of a doubt in regard to the general prosperity of the country, there is cause for alarm in the condition manifested in Wall street.

There has been these officials say, a perfect mania for the organization of trusts, and the securities of these mammoth corporations have been dealt in with feverish anxiety on the Stock exchange.

The treasury department is not at all concerned about ordinary stock job-

bing schemes, so far as they affect the speculative element only. The financial officers of the government have been preaching conservatism for some time. They say there has been a large overcapitalization in many of the industrial enterprises, and a day of reckoning is certain when an effort is made to squeeze the water out of these securities.

The thing that is troubling the treasury officials is not the fact that there has been frantic speculation in Wall street, but rather the fact that money which belongs to legitimate commercial enterprises has been diverted into the avenues of speculation. This money must get back into the ordinary channels somehow, and great fear is expressed by the treasury people that a possible panic on Wall street may have a serious effect upon general business.

## TO CLEAR RECORD OF R. B. HARRISON

President McKinley Will Appoint ex-President's Son a Major in the Volunteer Army.

Washington, D. C., April 17.—President McKinley has decided to appoint Russell B. Harrison a major in the volunteer army. It is said that Major Harrison will serve in this capacity until June 30, the date on which all volunteer commissions expire, and that he will then be given a commission in the regular army. The announcement of the appointment will in all probability be made before the president starts on his trip for the Pacific coast. The appointment is practically a reinstatement, and this action will be taken by the president for the purpose of removing any stigma that now rests upon the military record of Major Harrison and the Harrison family generally. As already indicated in these dispatches, Major Harrison was mustered out of the army summarily. He supposed on account of the sudden termination of his military career that some charges had been made against him.

He was unable to learn anything about them, however, except that he was informed that his superior officers charged him with a lack of tact. No official record of such a charge could be found.

## CHRIST CHURCH GUILD

Annual Meeting Held Yesterday Afternoon, and Officers Elected—Supper Followed Session.

The annual meeting of Christ Church Guild was held in the Parish house yesterday afternoon. The meeting was opened with prayer by the rector. The secretary and treasurer then read their annual reports which were very encouraging. The following officers were then elected for the ensuing year, the secretary casting the ballot of the meeting:

President—Mrs. A. H. Barrington. Vice Presidents—Mrs. G. M. McKey, Mrs. Sarah Hulihen, Mrs. Francis Grant, Mrs. A. E. Bingham, Mrs. Mary Merrill, Mrs. W. P. Sayles.

Secretary—Mrs. E. B. Heimstreet. Treasurer—Mrs. C. D. Stevens.

An outlook committee was appointed as follows:

First District—Mrs. M. A. Ott, Mrs. John Slightam. Second District—Mrs. Wm. Eldredge, Mrs. Arthur Stericker. Third District—Mrs. C. E. Pierce, Mrs. W. P. Sales.

Fourth District—Mrs. M. E. St. John, Mrs. Sarah Hulihen.

Fifth District—Mrs. G. H. Fox, Mrs. Mary Merrill.

A dainty supper was served at five o'clock after which the meeting adjourned.

F. H. Kemp, the architect, has rented an office over 26 West Milwaukee street in the rear of Angie J. King's law office. Mr. Kemp will occupy this office commencing this week with City Engineer Kerch.

# CONFER PALLIUM ON JOHN J. KEANE

Imposing Catholic Church Ceremonies Attended by Dignitaries at Dubuque, Ia., This Morning.

Dubuque, Ia., April 17.—With full ceremonial John J. Keane today was invested with the pallium by Cardinal Gibbons in the Strappal cathedral. Many distinguished Catholic dignitaries participated in and witnessed the investiture which brought laymen from all parts of the United States. At ten o'clock Cardinal Gibbons, archbishops, bishops and priests, marched from the archbishop's residence to

the cathedral, the cardinal ascending the throne. Archbishop Kain of St. Louis, assisted by forty priests, then celebrated high pontifical high mass while the choir of sixty sang Gonou's "Messe Solenne." At the conclusion Cardinal Gibbons conferred the pallium. The sermon of the day was delivered by Archbishop Ireland on the "Church in America; Its Yesterday and Tomorrow."

## WANT TO HAVE A LYNCHING.

Illinois Farmers Are Hunting for the Murderer of Clara Cheek.

Nashville, Ill., April 17.—A posse of fifty armed farmers determined on immediate justice are scouring the country between this city and Pinckneyville in search of Martin Ritter, the fugitive murderer of Clara Cheek. The posse is being led by William Cheek, the father, and Dan Cheek, the brother of the murdered girl and unless the sheriffs of Washington and Perry counties succeed in arresting Ritter before he falls into the hands of the posse he will undoubtedly be lynched. Clara Cheek, a 16-year-old girl, was murdered at the home of her parents, near Rice, Saturday night. Ritter, who is 24, and Clara Cheek had long been sweethearts, but the girl refused to marry on account of her youth. Taking advantage of the absence of the girl's parents, Ritter called at the Cheek home Saturday night. When Mr. and Mrs. Cheek returned home they found their daughter dead and the body horribly mutilated.

## DAKOTA DIVORCES DECLARED ILLEGAL

Decision of the U. S. Supreme Court—Both Parties Must Have a Legal Residence There.

New York, April 17.—Thousands of divorces granted to unhappy couples in North Dakota are invalid, according to the decision of the United States Supreme court rendered yesterday. It is probable that the northwestern state will in the future lose its charms as a temporary residence for persons of both sexes seeking release from conjugal captivity. The decision is to the effect that both parties to the divorce must have legal residence in the state in which the decree is obtained. Several persons of prominence who have obtained Dakota divorces and are remarried, now find themselves in a strange dilemma. If the first marriage is not dissolved, the second is illegal.

## GOLF TOURNAMENT LIKELY TO BE A GO

La Crosse Club Holds a Special Meeting and Offers to Cooperate with Janesville Golfers.

So far as heard the golf clubs in the state are in accord with the plan proposed by President Schaller and Secretary Baker of the Mississippi Golf club to form a state league and to hold the first annual tournament in this city July 18, 19 and 20.

Indications now are that all of the clubs will fall in line and do all in their power to make the tournament a success. Secretary Baker this morning received a letter from the Schaghticoke Country Club of La Crosse which states that the matter was taken up at a special meeting of the directors called for that purpose and it was the sense of the meeting that they co-operate with Janesville in the matter. They want a state organization and a tournament under its auspices and can be counted on to help the matter along.

In case the tournament is a go it will bring to Janesville a number of golfers that are the pick of the state organizations and some of the best playing ever seen on the course by amateurs will be the result.

The Mississippi club are alive to the importance of the event and nothing will be left undone by the club to put the course in first class shape and to take care of the visitors in a manner that will reflect credit upon the club. Work has already been commenced upon the course and it will soon be in first class shape for play.

## MAIL CARRIERS MAY WEAR SHIRT WAISTS

Postmaster General Issues Order Permitting Use of Light Costumes During Hot Weather.

Washington, D. C., April 17.—The following order, drafted by Superintendent Machen of the free delivery service with a view to relieving letter carriers throughout the country of wearing the heavy uniform coats and vests during the summer, was signed today by Postmaster General Smith:

"Ordered, That Section 631 of the amended postal laws and regulations in relation to free delivery service be and the same hereby is amended by adding the following:

"Shirtwaist. During the heated term postmasters may permit letter carriers to wear a neat shirtwaist or loose fitting blouse, instead of coat and vest, the same to be made of light gray chambray gingham, light gray cheviot, or other light gray washable material; to be worn with turn-down collar, dark tie, and a neat belt; all to be uniform at each office."

Father Buckley of Delavan and Father Dempsey of Monroe were in the city last evening on their way to Dubuque.

# STEPS TO ORDER STEEL MEN OUT

President Shaffer Asks for Authority to Call a Strike.

## AFFECTS 20,000 MEN

It Promises To Be the Most Gigantic Union Labor Strike Ever Known.

## LIFE AND DEATH STRUGGLE

McKeysport, Pa., April 17.—Notice was posted last night at the Dewese mill that any employees failing to report for duty on Thursday morning would be discharged. This is taken as an intimation that the management will bring in outside men. The strikers say that force will be used if necessary to prevent the resumption of work at the plant. There is disorder this morning.

**Labor in Conference.** Pittsburgh, April 17.—The meeting of the vice presidents and advisory board of the Amalgamated Association of Iron, Steel and Tin Workers for the purpose of considering the advisability of declaring a general strike among the mills operated by the United States Steel corporation was called to order at eleven o'clock. Regarding the probable outcome President Shaffer of the labor organization, refused to express an opinion but would let matters take their course. Both sides must make concessions. The combine, it is said, will be asked to vacate the position it has taken or a strike will be declared.

**Asks Authority to Strike.** Pittsburgh, Pa., April 17.—To give him authority to order out all the employees of the American Sheet Steel company and after that the 200,000 men in all the mills of the United States Steel corporation National President T. J. Shaffer of the Amalgamated Association Iron, Steel and Tin Workers, last night sent out a hurry call by wire for a meeting of the Advisory board and all of the vice presidents in this city this afternoon. The meeting will be attended by over forty men who will be asked to adopt the following resolution:

"Resolved, That President T. J. Shaffer be empowered by this board to call out all the sheet mills of the American Sheet Steel company, as he deems advisable; and that, in case he deems it advisable to carry the matter further, he be fully empowered to extend the call to all members of this association employed by the plants controlled and operated by the United States Steel corporation."

Whether the workers will obey these sweeping orders if issued is an another matter. The sheet combine has 22,000 men. Of these the Amalgamated association controls 15,000. The total membership of the union is 60,000, which is about one-fourth of the number employed by the United States combine. The union has full control of the American Tin Plate company, which has 25,000 men, and the Federal Steel company with its 16,000 employees. The American Steel Hoop company and the National Steel company mills are only partly organized.

The officials of the Amalgamated association say that if the general strike order is issued enough of the men will quit to affect the operation of the mills to the extent of closing down the most of them, and in most plants one department depends upon the operation of others. If there should be a total suspension of work in all the Morgan plants the men will lose in wages over \$15,000,000 a month, the pay roll averaging that much. Most of the men affected are between Pittsburgh and the Missouri river.

**HILL'S PROFIT IS OVER \$40,000,000**

Great Northern Magnate Said to Have Sold His B. & O. Holdings.

St. Paul, Minn., April 17.—It is asserted positively in St. Paul that President J. J. Hill of the Great Northern when here yesterday made the statement that he had disposed of his holdings in Erie Baltimore and Ohio. His profits on the deal amounted to \$40,000,000. He stated that he had no intention of forming a transcontinental line and that the Erie was in no such deal. Hill is said to have invested the greater part of his profits by the sale of the Erie and Baltimore and Ohio stock in Burlington stocks and bonds. He said that he had successfully completed the last link of his chain of negotiations for the purchase of the Burlington and its consolidation with the Great Northern and Northern Pacific in one colossal organization.

## IF YOU ARE NOT FEELING WELL THIS SPRING

**What We Say  
Is Exactly What We Mean.**

There is no honor or profit in fooling the people, especially when they are your own neighbors and customers. Therefore our guarantee offer on Vinol is made in perfect good faith. Call at our store and get a bottle of Vinol at once, and if it does not help you after a reasonable trial we will return every cent you paid us for it.

**We repeat the statement that every sick person should be willing to try Vinol on such favorable terms.**

We can refer you to plenty of people right here in our own city who have been restored to health by Vinol, and people whose standing in the community is unquestionable.

You therefore must admit that we know what we are talking about when we say that Vinol will surely restore to health all persons who are **all run down, feel worn and miserable, without appetite or ambition, caused perhaps by sickness during the winter. People who have been ill with the grippe or a severe fever recover strength and robustness very quickly under the VINOL treatment, and it is simply astonishing how much Vinol does for pale women and children,—weak and nursing mothers,—and especially does it promote the vitality of old people; it is a gentle stimulant without reaction.**

Vinol you know is not a patent medicine; it is just the curative elements of cod liver oil combined with a little organic iron and a fine table wine, so that without any disagreeable features it is the **grandest tonic reconstructor** we know of. Delicious, appetizing and delicate of taste.

Call at our store and let us tell you more about Vinol. We never had anything sell like it and give such general satisfaction. It must therefore be good.

Don't wait until tomorrow, call today.

## AMUSEMENT NOTES

An entertaining performance is promised us Friday, April 19, with Jule Walters and Louise Llewellyn in the leading roles. Mr. Walters' characterization of a tramp is famous. Miss Llewellyn is a dramatic soprano of rare ability, her voice ranging from D below the staff to C above the staff, she is also blessed with a very pleasing figure. They will appear here in that ever welcome comedy "Side Tracked."

Anna Held comes to the Myers Grand on Friday, April 26 in "Papa's Wife," which has proved such a successful vehicle for the expression of Miss Held's talents that F. Ziegfeld, Jr., her manager, has accepted a new musical comedy by Harry B. Smith and Reginald de Koven, who are the collaborators of "Papa's Wife." Miss Held returns to the East shortly and will sail for Paris for her usual summer outing, returning in September to begin the rehearsals of her new piece.

Tomorrow evening at the Myers Grand, John Griffith's masterly presentation of Goethe's immortal story, "Faust" will be seen. It has been said that few actors who have attempted to perform the role of Mephisto are so fittingly equipped as Mr. Griffith.

The performance of "Quo Vadis" last night was not on a very high standard. The leading male roles were in fairly good hands but the female impersonations were very poor.

**Medals Sold Are Bogus.**  
Paris, April 16.—American exhibitors at the Paris exposition of 1900 should be warned against an extensive swindle, consisted of a bogus agency in this city with branch offices in London and New York, which offers to deliver for prices varying from \$10 to \$50 diplomas and medals to all appearances identical with the official ones.

**Mrs. Joseph McMahon Dies.**  
Washington, D. C., April 17.—Monseignor Joseph McMahon died at the Catholic university yesterday. He was 84 years of age. He had been at the university for about eight years, but had no official connection with the institution.

**Colorado in Blizzard's Grip.**  
Denver, Col., April 17.—Reports from northern Colorado are to the effect that another storm has prevailed on the prairies for the last twenty-four hours and continues. It began with a misty rain and developed into a veritable blizzard. The loss of stock will be great, as they have become greatly weakened by exposure to the storms of the last two weeks and lack of sufficient food.

**Frederic Remington Hurt.**  
New York, April 17.—Frederic Remington, the artist and author, was returning to his home in New Rochelle after a morning ride on a mustang, and was about to turn up a side street when an automobile came up behind him. The horse shied and fell, pinning Mr. Remington beneath it. The artist's leg was severely sprained. He will be confined to his bed for several days.

**A Family of Elopers.**  
Omaha, Neb., April 17.—Jessie Free, the daughter of a wealthy plumber, has returned from an elopement as Mrs. Merle Meyers and has secured parental forgiveness. This was not difficult, for her father and mother eloped to be married, and since then her three brothers and sisters had preceded Miss Jessie in getting married and telling their parents about it afterward.

**Get New Jersey Charters.**  
Trenton, N. J., April 17.—The Northern Commercial Company of San Francisco, Cal., has been incorporated here with a capital of \$2,750,000. The company will construct and operate vessels and will carry on a mining manufacturing, mercantile, telegraph, telephone and railroad business.

**Grant's Requisition for Fisher.**  
Springfield, Ill., April 17.—Gov. Yates this morning honored the requisition of the governor of Indiana for the extradition of George Fisher, wanted in Lake county, Indiana, for embezzlement. Fisher is now confined in the Cook county jail.

**Sam Jones on the Stamp.**  
Atlanta, Ga., April 17.—In an interview the Rev. Sam Jones announced his intention of stumping the state, making speeches of 137 counties for the anti-saloon crusade.

## TRADE CONDITIONS.

The Eau Claire Leader in a lengthy editorial accuses the grocerymen of the city of forming a combination to prevent cutting prices and advertising. The paper claims that the combine is doing great injustice to the city of Eau Claire and that thousands of dollars worth of trade is going to surrounding towns as the result.

It cites a number of instances where farmers have marketed their grain in other towns, because they would not pay exorbitant prices for groceries, and that all lines of business as well as the reputation of the city is suffering in consequence.

The rules are so rigidly enforced that the small dealer who had a stock of over ripe fruit was not permitted to advertise it at a reduced price, and was obliged to lose it.

The "Leader" is an old and reliable paper and has been interested in the development of Eau Claire for many years. It has reasons to criticize the action of the local merchants when they adopt a policy that is detrimental to the welfare of the city. Yet it hardly seems possible that a class of intelligent business men should be so short sighted.

Of course the first ambition of every man in truth, is to make money, and men who are capable of doing business, usually recognize the conditions that contribute to success. The local merchant, if at all discerning very soon discovers that the home market, on which his trade absolutely depends, is worth cultivating to the highest degree, and the growth and prosperity of his town is of first importance. He is constantly devising ways and means to let the people know that he is in business, and that the public is missing a great opportunity if it fails to visit his place of business. To his notion there is no town, or no place where bargains are so numerous as his particular store.

Fill a town with this class of business men, and you have an up-to-date, wide awake community. The successful merchant never stops to ask himself the question, "How much can I afford to spend to advance my business?" He is only interested to know how much he can increase his business by advertising.

He has discovered by observation that a man may have a store full of goods, at reasonable prices, and unless the people find out, the goods will mildew on the shelves and the man will die of dry rot. He doesn't want that kind of an experience and so he adopts progressive methods.

He keeps out of combines and says to competition, both at home and in surrounding towns, I don't allow any man to under sell me on goods that he buys honestly.

The business men of Eau Claire are making a mistake in not recognizing what Janesville business men have long since discovered, that the newspaper is the index of the town. That every paper that goes out loaded with crisp announcements, speaks volumes for the success of the city where it is located. That when a stranger picks it up, he says at a glance, "There's a good live town, and ought to be a good place to live."

The business man, whether in Eau Claire or any where else, who imagines that he can go into his shell, and do business successfully, might as well take down his sign, and save the sheriff the trouble of putting up the shutters. If all of the merchants of Eau Claire should adopt the penny wise policy of the grocerymen, their city would be a graveyard in six months.

## THE LIBRARY SITE.

It is to be regretted that the library site is not definitely settled. Delay will only lead to contention, and is liable to result in bitterness.

Under all the circumstances the city can not afford to indulge in any kind of a scramble for a location. It is generally understood that the library board acting as a committee favor the Wood site on South Main street and it is about as generally understood that the council is not inclined to approve, partly on account of price.

If this is the only objection the council should have said to the board in the first place, "No site will be approved at a price to exceed a stated amount," and this would have saved confusion.

If the east or west side of the river enters into the discussion that should not be considered for a moment. There is only one Janesville and there will be but one library for the city. The old ground has been thrashed over so much in former years that there isn't anything left worth quarreling about. A man who is permitted to live in this goodly town on either side of the river, is in great luck, and most of the inhabitants are too busy just now to waste any time in scrapping.

The west side has the high school

and the east side the court house. The west side the postoffice and the east side the jail.

The west side the lock up and the east side the new freight depot. So honors seem to be easy. Better put the library building on rollers and move it around, than indulge in a nonsensical quarrel about sites.

Lets get together like men with common sense, and forget for a few minutes that the river is the abode of strife and German carpe, and agree on a site that will accommodate a \$40,000 building that will be an ornament to the town. There are a dozen good sites offered, any one of which will be satisfactory to the people as soon as occupied.

## SELF GOVERNMENT.

The theory advanced recently by President Hadley of Yale and endorsed by men of like opinion, that the nation is rapidly drifting away from its moorings, and will soon be incapable of self-government, because of the power of controlling wealth is a false theory, and unworthy of consideration.

There has never been a time in the history of the country when wealth was more evenly distributed than today, or when universal contentment and happiness was more pronounced. Unlike European countries there are no landed estates. Any man with a little money who desires the independence and freedom of country life, may secure a farm at a moderate price in any locality, and be the equal of any other man of the same calling.

This class of men have no use for an empire. They are not tinctured with socialism or unrest and are not humiliated with a feeling of serfdom. American independence means freedom and intelligence, and the ability for self-government is increasing in strength every year.

The great blocks of wealth accumulated by a few men are used for the development of industries that furnish employment to a vast army of people and out of the ranks of this army, men are taking places of responsibility, and becoming capitalists every day.

It is safe to say that two thirds of the voting population of the country are men who have accumulated property or money enough to cause them to realize that they are American citizens, responsible not only for self-government, but for good government.

No Wisconsin newspaper has yet called the attention of the Hon. Edward Atkinson to the fact that Aguinaldo says the Filipinos are not capable of self-government. Therefore, we hereby remind him of that remark, and trust that he'll inform his fellow pink tea patrons.

The attention of Eastern friends of Gen. Miles is called to the fact that the city of Janesville is filled with the friends of Gen. George M. Randall. Any army officer will tell you what this means.

The Filipinos do not care about base ball, their national game being chicken fighting. This being the case, it may be said that the Filipinos are not all in the Philippines.

If the business of the current year continues on the present basis, the exports of the United States will exceed the imports by \$700,000,000, or ten times the total of 1896.

Gen. Miles will probably fill the bill as well as any of the other democratic presidential possibilities. The General makes an imposing figure-head.

Mayor Harrison has gone to Boston to see gambling done and all-night saloons, he can't find them in Chicago. But other people can.

Landed aristocracy is not known in the land, and never will be. The tenant in five years if at all thrifty, becomes the proprietor.

The Cubans do not appear to learn by observation. Evidently they have forgotten all about what happened to the Spaniards.

Uncle Sam's parting from China will not be so sad as the parting contemplated by some of the other fellows.

Count Waldersee may have come on the scene of action late, but he is staying long enough to make up for it.

Evidently Gen. Miles has not learned much from the experience of Admiral Dewey and W. J. Bryan.

The man whose political job is in jeopardy always develops great anxiety about the old flag.

Unintentionally the Cubans have expressed a vote of confidence in Uncle Sam's troops.

Senator Mason has returned to fix up his fences, but is unable to find even the post holes.

Gen. Prosperity's army has been getting busy during the last four years.

The trouble of the concert of powers in China is that no one wants to play second fiddle.

Well, good bye Cuba, take keer you'self.

PHYSICAL CULTURE  
AN OPEN SESSION

The Event at the High School Gymnasium Tomorrow Evening, Promises To Be Attractive.

The open session of the physical culture class under the direction of Mrs. Janet B. Day at the High School gymnasium tomorrow evening promises to be unusually attractive and should interest teachers and parents especially.

It will be an exhibition of class work and will show the value of physical culture. The entire proceeds will be devoted to the purchase of pictures for the schools and every one interested in this decorative work should attend the exhibition. The admission is only 15 cents.

A glance at the program will assure all who attend that they will enjoy an hour of pleasure and profit. The following is the order of the exercises:

Figure march.  
First series of relaxing and energizing exercises—head, shoulders, body and limbs.  
Dumb bell drill.  
Fancy step march.  
Second series of free hand movements, Swedish gymnastics and Delsarte exercises.  
Ball drill.  
Recreative exercise.

## IN THE VALLEY OF THE SHADOW

Mrs. Eliza Keyes.  
Mrs. Eliza Keyes died at 3:15 o'clock yesterday morning at the residence of her daughter, Mrs. Bert Sherwood, 209 Washington street at the age of sixty-seven years. She leaves a family of four children: Helen Coomer, Huron, S. D.; W. D. Keyes, Chicago; Mrs. B. Sherwood and Chas. Keyes of Janesville. The funeral will take place next Friday at two p. m. from the residence, the Rev. R. C. Denison officiating. The burial will be at Oak Hill.

Methodist Ladies Aid Society.  
By invitation of Mrs. H. F. Bliss, the Ladies' Aid Society of Court Street M. E. Church will meet with her at the State School for the Blind tomorrow afternoon. For the accommodation of the members of the society a sewing and work room will be opened at two o'clock. If there is more than one load of ladies a second trip will be made at three o'clock. The fare for the round trip will be twenty cents.

Piano Recital Tonight.  
The piano recital to be given by Miss Anna Church at the home of Mrs. M. G. Jeffris this evening will be a delightful affair and will be enjoyed by the prominent ladies of the city. Although the recital is given at Mrs. Jeffris' home the statement that the invitations for the affair were issued by Mr. and Mrs. Jeffris was erroneous. The recital is given under the direction of Miss Jessie Beach.

## MOTHER AND CHILD

Let the mother take Scott's emulsion of cod-liver oil for the two; it is almost never superfluous.

One can eat for two; but nourishing two is a different thing; it implies a degree of interior strength not often found in woman of either extreme.

Luxurious people are not very strong by habit, and over-worked people are weak from exhaustion in some of their functions. Between the two is the happy mean; but how many women have plenty of life for two?

The emulsion is almost never superfluous.

We'll send you a little to try if you like.

EATS UNCOOKED FOOD

PROFESSOR TYLER'S METHOD FOR THE CURE OF ALL DISEASE.

He Claims Cooked Food Is the Greatest Cause of Humanity and Says It Shortens Life and Makes Us Moral and Physical Degenerates.

As a result of my own experiences and of tests made by other persons at my direction and under my observation I am firmly convinced that cooked food is the greatest cause of humanity. I hold that cooked food is responsible for nearly all the great pestilences, contagious diseases and other bodily ills, that it shortens life generally, that it causes crimes and makes people moral degenerates as well as physical degenerates and that it heaps untold misery upon the world by so greatly increasing the cost of living as to bring hunger and want into the land and cause millions to toil their lives away for the mere sake of eking out an existence.

I will wager all the success I expect to obtain in saving mankind from the disastrous effects of taking dead cells into their systems on the assertion that any person who for 90 days will give raw food a test will at the end of that time declare that he never felt better in his life, that he is of a happier disposition, that his mind is clearer and that he is improved in all respects.

A child raised on uncooked food will be a giant, physically and intellectually. There is no doubt that the ancients lived longer than we and that the average life of man is growing shorter all the time from no other cause than the continuous injurious effects being wrought by cooked food on the human race.

It was never intended that any living thing should derive substantial sustenance from that which has been destroyed. Food when cooked is destroyed. It is the mission of fire to destroy.

We take into our bodies dead cells to replace the worn-out cells cast off from the body. Man, with his superior intelligence, should live much longer in the time that it takes him to develop than any other animal. Instead there is nothing that breathes that doesn't live five times as long as man proportionately.

By eating natural food, as with the lower animals, would be the rule and all health the exception.

I had reached 50 years of age. My height was 5 feet 8 inches, my weight 232 pounds. I had been afflicted with kidney trouble from youth. I contracted eczema from vaccination.

I suffered from sciatic rheumatism in my left hip and thigh. My head was always full of dandruff; my finger nails were short and brittle.

With these afflictions I was looked upon by most people as a healthy man. I myself did not realize in what a terrible condition I was until I had tasted the joys of perfect health.

In two years raw food diet reduced me to normal weight. My kidney complaint vanished the moment I removed the continuing cause and commenced to live on raw diet.

Within six days after beginning my new diet my rest was the most refreshing it had been in seven years. The dandruff disappeared from my head, the eczema was speedily cured, the rheumatism remained with me for 90 days, but finally succumbed to the great natural tonic.

My teeth became remarkably firm and hard. The calcareous deposits throughout my whole system have been loosened up and carried away by the pure water I have taken into my system, either in eating the diet of raw food or absorbed from the atmosphere.

Since knowing of my own personal experience these remarkable blessings from eating raw food I have made it my mission in life to endeavor with what means and energy I possess to convert the world into my practice. All I ask of any person is to give it a test.

As to what kind of raw foods you eat it doesn't make much difference unless suffering from some special ailment. Anything that is good cooked is better raw. By giving the diet a test you will find in a short time that you enjoy your meals more than you ever did before. Almost any disease may be cured by eating the proper kind of raw foods.

A person living on uncooked diet need have no fear of coming in contact with contagious diseases. He may go where there is pestilence, but his constitution has become so healthful that it will cast off all disease germs. Man may be made just as free from smallpox, yellow fever or bubonic plague as a horse. He can travel in any country without fear of affliction from the climate.

In cooking food all the acids and gases so necessary for the conservation and preservation of ideal health escape with the steam, and the food retains a greater supply of ash, lime and other such substances than nature requires for the amount of food taken into the system.

Cooking is all a notion, and a very bad one for the human race. It began somewhere back in the prehistoric ages as a fad and has continued to work havoc with humanity ever since. It is more disastrous than the tobacco habit.

I would suggest as a daily diet plenty of fruit for breakfast and supper. Cereals and nuts are the meat, though I have no objection to dried beef for the diet of a well person.

There are millions of things a person can eat without cooking. All vegetables are better raw than cooked. Onions, radishes, tomatoes, turnips, carrots, lettuce, cucumbers, mustard and numerous other garden products could be mentioned.

Then among the fruits there are pineapples, peaches, pears, grapes, berries, bananas, cherries and numerous others that are healthy and palatable. The melons are all well recommended. Dried prunes should be eaten for breakfast and luncheon. Salt should be taken into the system only when nature calls for it.—Professor B. Tyler in New York Herald.

THE WISE CHILDREN.

The children go loving this good old world, Just loving it simple and true, Filling it full of their own sweet dreams And loving it—that's what they do. To them it's a place to be happy in, And they view it with shining eyes; Oh, grown folks, weary and wistful and worn, Are not the children wise?

We grasp for the mean and the selfish things, They hold to the dream and the play. We toil for money that leaves us poor, They're rich in a sunlit day. We hate and suffer, they love and enjoy, All under the same sun and sky; Oh, grown folks, living a life so bare, Are not the children wise?

—Ripley D. Saunders in St. Louis Republic.

TITLES FOR LAWYERS.

The One Learned Profession Which Is Without a Rival.

"It has always seemed strange to me that the legal profession, which is one of the foremost of the learned professions, may bestow upon its members no distinctive title, as can the medical, for instance," said a member of the District bar to a reporter.

"A man came in my office the other day and handed me his card, which bore three initial letters at the end of his name. He was a compounder of drugs; not a druggist in the sense that he owned a drug store, though he might have owned one, but he was licensed to put up prescriptions and therefore entitled to place certain distinctive letters after his name.

"A man upon graduating in medicine is authorized to place after his name the letters 'M. D.' which signify that he is a doctor of medicine, and the public by courtesy and long habit and established custom calls him 'Dr.' which is a distinction above that of the average man in life. To call a physician 'Mr.' would be grounds almost for a duel, would be taken as an insult and certainly a slight. Physicians are very scrupulous in applying their titles to one another, and in a hospital when half a dozen physicians are together the title 'Dr.' is applied so often that it may be scooped up fairly.

"This is as it should be, but none will deny that the profession of the law is not as learned and as ancient as that of medicine. A lawyer should have some distinctive title which would be recognized by the public and by the law and be susceptible of protection by the law, as is the title of M. D. which is an offense to assume if the holder is not legally entitled thereto. But a lawyer, until he ascends to the bench, is simply 'Mr.' like any man who can neither read nor write.

"Even veterinary surgeons assume the title of 'Dr.' civil engineers may place the initials 'C. E.' after their names; dentists also assume the title of 'Dr.' and the initials 'D. D. S.' the calling of a minister is made distinctive by the prefix 'Rev.' and upon the conferring of certain degrees the recipient may be and is saluted as 'Dr.' In short, all of the actually learned professions and some professions which are not learned bestow upon their members a distinctive title except my own.

"The legal profession is itself to blame. It should years and years ago have adopted a title such as, for example only, 'Judge,' thrown around it the safeguarding protection of the law, of which its members are the makers and constructors, prosecuted all men who attempted to use it without license and cherished it in a general way as jealously and as carefully as does the medical profession its badge of distinction. In this way the so-called slysters could be rooted out and exterminated as thoroughly as the medical profession suppresses spurious practitioners of medicine, and a decided tone would be imparted to the profession at large.

"The restrictions governing entrance into the legal profession would be drawn tighter and made more difficult, its membership considerably lessened in all probability, and every man when he was dispossessed from a government position would be expelled from hanging out his shingle as an 'attorney,' to the material profit of the public at large.

"The great difficulty would be at this time in deciding upon the proper designation. If it had been determined in Blackstone's day, it would have been too firmly fixed now to admit of question. It is quite likely, however, that the learned profession of the law, having existed for centuries without a title, will have to continue for all time to come to struggle along under the indefinite designation of 'Mr.'—Washington Star.

A Surprise For Her Guest.

Talleyrand's wife was the reverse of brilliant, and he used to excuse his marriage on the ground that "clever women may compromise their husbands, stupid women only compromise themselves." One day the famous traveler, M. Denon, was expected to dinner, and Talleyrand conjured madame to prepare herself for sensible conversation by looking over Denon's works.

Unfortunately, on her way to the library madame forgot the name. She could only remember it ended in "on." The librarian smilingly handed her a copy of "Robinson Crusoe." Madame easily mastered its contents, and at table astonished her guest by exclaiming, "Oh, monsieur, what joy you must have felt in your island when you found Friday!"

An Authority.

A young man had occasion to desire to know the distance of a nearby Mississippi town from Memphis, and hearing that a newly employed porter was from that locality he turned to him for information.

"Bob," said the young man, "how far is it to Holly Springs?"

"Which 'o' mean, sah?" was the reply. "Why, both ways, if there are two."

"Well, sah, it's 45 miles by railro'd an' 65 by dirt ro'd," said the negro, as one who spoke from experience.—Memphis Scimitar.

Not a Bargain.

Mr. Perkins, I rather dislike to take your last daughter away from you.

THE GIRL FARMERS

Characters: Miss Cecilia Preston (25), Miss Dorothy Landon (24). Scene: An artistically furnished farmhouse parlor. Miss Preston sitting by herself before the fire.

Miss Preston (glancing at the grandfather's clock in the corner)—Six o'clock! Dolly will be back directly, and then I shall have to break the news. What will she say? But not tonight, I think. She may be tired after her journey, and she'll want to know why I didn't tell her in my letters, and, of course, she'll be angry. No! I can't do it tonight. Tomorrow, perhaps.

(Enter Miss Langdon, in traveling dress.) Miss Langdon (after embracing)—Oh, it's so delightful to be back at the old farm again! What a shame it was of me to take such a long holiday! Haven't you been dreadfully dull? Now, I'll have some tea, and you can tell me all the news. How are those silver gray Dorkings doing, and what have you got for butter lately?

Miss Preston (hurriedly)—Don't let's talk about the farm tonight, Dolly. I'd ever so much rather hear how you've been enjoying yourself. Were there nice people staying at the hall?

Miss Langdon—Yes, very. By the way, I saw a new churn which—

Miss Preston—Did they laugh at our starting a farm together?

Miss Langdon—Some of them made the usual stupid jokes, pretending that I couldn't tell turnip from mangold, you know. As if we hadn't been running the farm for quite three months! And then they said that—that before long we—should get married (glances quickly at her companion), and that the whole business would come to an end. Such an absurd idea!

Miss Preston (looking straight in front of her)—Perfectly preposterous. Who did you say were staying there?

Miss Langdon (vaguely)—There was a Mr. Ashburton, who was rather nice, and others. I felt quite ashamed of myself for stopping so long. How lonely you must have felt!

Miss Preston—Not very. There is a Mr. Stetway stopping at the rectory who's been to call pretty often. Did you ride much at Somersleigh?

Miss Langdon—Yes, a good deal. How have you been spending your days?

Miss Preston—Oh, much as usual. Is the fishing good at Somersleigh?

Miss Langdon—Really, Ciss, you might have more to tell me after I've been away all this time. You're very dull tonight.

Miss Preston—And really, Dolly, you might give me some account of your holiday after having left me alone for a month. You're not in the least interesting.

(A long silence. Miss Preston gazing abstractedly into the fire and Miss Langdon tying and untangling the tassels of her umbrella.)

Miss Preston (in a changed voice)—Dolly, I've got something very important to say to you.

Miss Langdon (startled)—Yes?

Miss Preston—You remember when we agreed to work this farm together we promised each other solemnly never to give it up—never to marry?

Miss Langdon (suddenly becoming scared)—Yes, yes, of course. What about it?

Miss Preston (slowly and tragically)—Dolly, one of us means to deceive her friend—to break her solemn promise.

Miss Langdon (to herself)—This is awful! How did she manage to find out? (Aloud.) Oh, Ciss, I know it's wrong and wicked of me, but I only met Mr. Ashburton three weeks ago, and I did tell him I couldn't possibly marry him and leave you, but he was so obstinate, and—whatever are you looking like that for?

Miss Preston (gasping)—Do you mean to say that you are engaged?

Miss Langdon—I really couldn't help it. (Tearfully.) Don't be too hard on me. If you only knew—

Miss Preston (hysterically)—But—but I didn't mean you. I meant myself! Dolly, while you were away Harry—Mr. Stetway—proposed, and I accepted him.

Miss Langdon—Ciss! And after your solemn word of honor that never, never—

Miss Preston—You are every bit as bad, but I'm so glad you're wicked, too, darling! (They embrace.) Now tell me all about your him, and I'll tell you about mine.

(An interval. Then 20 minutes later.) Miss Langdon—But what will our friends say? Yours is a barrister, and mine's a journalist, so we shan't be able to carry on the farm. Who would have thought that the experiment would have come to an end so soon? (Miss Preston seats herself at the writing table.) But I'm sure it would have been a great success if only—What are you writing, dear? A letter to him?

Miss Preston—No, look, if you like! Miss Langdon (leaning over her shoulder and reading)—A comradious, well situated farm to be let.—Exchange.

## LIGHT SENTENCE FOR HIS MOTHER'S SAKE

R. Cone Charged with Stealing Furs, is Fined \$276.16 and Given a Good Lecture Besides.

The case of the state of Wisconsin against R. Cone charged with stealing a bag of furs from the rear of the American Express company's office and disposing of them to parties in Beloit was called in this morning for trial.

Judge J. L. Sale of the county court presided, he having been called in by Judge Fifield on account of an affidavit of prejudice filed by Cone, in which he stated that he did not think that he could get a fair trial before Judge Fifield. When the case was called C. E. Pierce, the attorney for the defendant stated that after due consideration of the matter Cone had decided to withdraw his plea of not guilty and plead guilty. He asked the court to be as lenient as possible with the prisoner.

On his plea of guilty and on account of his old mother who was broken hearted over the trouble her son had gotten into the judge fined him \$200 and costs in all \$276.16, which was paid by his mother. Cone also paid back the money he had received for the furs and some other expenses amounting in all to \$40, making a total paid by the boy's old mother on account of his misdeeds of \$316.16.

Judge Sale in passing judgement on Cone, made a lengthy talk to him on the error of his ways and what the end would be if he continued in the path he was pursuing. It was on account of giving him one more chance to reform and be an honest man for his own and his mother's sake that he fined him instead of sending him to prison. The judge, court, attendants and spectators were all more visibly affected than the prisoner. He did not seem to care or realize what he had done and that his mother was giving up the most of what she had saved up for her declining years to keep him out of prison.

## KIND WORDS

For One of the Many High Grades of Pianos That We Offer at the Great Discount Sale.

Madison, Wis., April 8, 1901. Groves-Barnes Music Co., Madison, Wis.

Dear Sirs:—Please allow me to express my great satisfaction at the excellent service given us by the Blasius piano. We have now been using them in considerable numbers for five or six years, and in a manner to test them severely. The length of time has been sufficient to develop their weak points, if they had had any, but we have discovered none. Words might be multiplied, but it is sufficient to say that in touch, tone and endurance, they have proven not only satisfactory, but preeminently so. I should hesitate to speak thus unqualifiedly, if I did not feel that my acquaintance with the instruments had been sufficient to enable me to speak from positive knowledge.

Yours very truly,  
F. A. PARKER, Director,

## DR. RICHARDS LOCATES HERE.

Well Known Resident of Brodhead Has Dental Offices in the Hayes Block.

Dr. F. T. Richards, for a number of years a resident of Brodhead, has opened spacious dental offices in the Hayes Block and will in the future make Janesville his home.

Dr. Richards has fitted his office with the very latest and best electrical appliances. Under Dr. Haskell of Chicago Dr. Richards has taken a post graduate course in gold crown and bridge work.

Dr. Richards has a reputation of doing away with pain. He has patients who have come from as far away as Iowa and Kansas to have him do their dental work, because he actually prevents their being unnecessarily hurt during severe dental operations.

The Brodhead Independent prints the following on Dr. Richards departure from that city:

Dr. F. T. Richards has decided to remove to Janesville and will go soon. We regret very much to have these young people leave as they will be missed very much in church and social circles. Dr. Richards has been superintendent of the M. E. Sunday School and a leader of the M. E. choir for several years. But he will not be missed in the M. E. church only, he has been ready to sing for any good cause or help in any way that he could the best interests of the public. Especially has he been efficient in the Y. M. C. A. work. We commend him and his family to the good will of the Janesville people knowing that such a citizen is a help to any community.

## GIVE FREE TREATMENTS.

In order to convince the public that magnetic treatments are a benefit to the afflicted, Prof. Funk will give free treatment for three days, commencing tomorrow, at his spacious offices opposite the postoffice. Prof. Funk since locating in Janesville has brought about many marvelous cures, his patients being well known citizens.

Prospective piano buyers should not pay too much attention to the "big discounts" offered by some dealers for a "limited time." We give just as big a discount all the time as some people advertise for a short space of time. Quality is the most important point of any in the purchase of a piano. Our pianos all have quality and durability. Plenty of proof if you want it. H. F. Nott, 38 South Main street.

James A. Ruggles, a former Janesville boy has been made a captain in the regular army for service in the Philippines. He has been in the Philippines for the last two years as a captain of volunteers. LOSS OF HIS HOME AND THE CONTENTS

The Center Insurance company at its meeting yesterday afternoon settled with Harry Barlow of that town for the loss of his house and the contents which were totally destroyed by fire on the night of April 10. The loss of the house was fixed at \$600, and of the contents at \$325.

The cause of the fire was unknown. Mr. Barlow together with his wife and child went over to a neighbors for a short visit after supper leaving everything at their home all right. They stayed longer than they expected to and upon their return home found the house in flames. They lost all of their clothing and household effects.

The settlement made with the insurance company was perfectly satisfactory to Mr. Barlow and he was much pleased with the early adjustment of the loss.

FROM THE OUT SIDE.

It's a fact, but a call will convince you that we have inside prices and a line of Pianos that no house in the country can duplicate.—S. C. Burnham & Co., Agents, Groves-Barnes Music Co.

## WERE ENTERTAINED BY REV. MR. DENISON

Teachers and Janitors of the Public Schools Met at High School Building This Afternoon.

The teachers and janitors of the public schools met at the High school building this afternoon after school and were entertained by Rev. R. C. Denison who exhibited the stereopticon views with which he illustrated his talk before the Twilight club last evening. The views were obtained especially for the benefit of the Twilight club and must be returned at once.

The object in showing the views to teachers and janitors is to promote interest in a movement which has been started to encourage school yard decoration. Supt. Mayne has offered a banner to the school which makes the greatest improvement in the appearance of the school yard between now and the first of September. Further than that he has offered a cash prize of \$10 to the janitor making the most improvement.

The banner is offered to encourage teachers and scholars to beautify the school grounds and the cash prize is offered as an inducement to the janitors to care for the grounds during the summer vacation. Photographs of all the schools as they now look have been taken and the awarding committee appointed by the Twilight club will inspect the grounds. In the fall another visit will be paid to the grounds and another set of photographs will be taken. The awarding of the prizes will follow.

The pictures shown this afternoon are from photographs showing the improvement made by vines and shrubbery and it was thought that they might be valuable and full of good suggestions to the teachers who will direct the movement for school yard improvement.

Mr. H. F. Nott, agent for the Hardman Piano, has received the following testimonial from one competent to know what a good piano is. It is with much satisfaction that Mr. Nott gives the public this testimonial:

Mr. H. F. Nott, Janesville, Wis.: Dear Sir:—In 1874 my parents purchased a Concert Square Hardman piano. This instrument is still in my possession, having been in constant use for own practice and in teaching during the past twenty years. It has never required repairs and although in the early years we kept it frequently tuned it is now five years since it has been tuned and is in good condition, with clear, soft musical tone and good touch. I have known several Hardmans and have yet to see one which failed in quality or durability. Witnessing the Hardman every success, I remain its friend,

ANNA HELD WILL DRAW A BIG HOUSE

Largest Advance Subscription Sale Ever Solicited by Manager Myers in Janesville.

The subscription sale for the engagement of Anna Held at the Myers Grand bids fair to more than exhaust every \$1.50 seat in the theatre. Manager Myers called at some of the business houses today and was so warmly welcomed that his list is already the largest on record for so short a time. The list will be at the box office for the balance of the week and those who wish a choice of seats should see that their names are on the list. Some of the subscriptions call for the limit of ten tickets. The engagement of Anna Held is a notable one and has caused more comment than any other attraction which Manager Myers has ever secured. Miss Held will play to the capacity of the house and will find to reason to complain at the reception which Janesville will give her.

## THE TSUNG-LI-YAMEN TO GO

New Board Will Be Created in China.

### BOARD OF FOREIGN AFFAIRS.

Is to Be Known as the Wai-Emu Pu and Is Intended to Deal Directly with All Foreign Diplomatic Relations of Germany.

London, April 17.—A dispatch to the Times from Peking says that the ministers at a meeting yesterday agreed to a recommendation made by Mr. Rockhill, the American representative, and M. Kemura, the Japanese minister, giving effect to article 12 of the joint note concerning the reform of the Tsung-li-Yamen. It was agreed to replace the Tsung-li-Yamen by a Wai-Emu-Pu, or board of foreign affairs, having precedence of all other boards. It will consist of a president, who will be an imperial prince, two ministers with direct access to the emperor, and also two vice ministers having knowledge of foreign affairs, one of whom at least shall speak foreign languages. The court ceremonial was also changed, finally settling the question of audiences. Foreign ministers will be conveyed in imperial chairs to the palace, where they will be received in the hall in which the emperor entertains imperial princes. They will receive the honors shown by European sovereigns to foreign ambassadors.

**Bid Farewell to Chaffee.**  
Peking, April 17.—General Chaffee's birthday dinner yesterday was also a sort of formal farewell by the Americans.

**GEN. CHAFFEE.**  
cans to Peking. There was a notable gathering. Field Marshal von Waldersee and all the generals with their staffs were present, as well as all the ministers and their first secretaries.

**Germany Says China Is Moderate.**  
London, April 17.—A dispatch to the Times from Berlin says there is considerable indignation in authoritative quarters there over the statement in the American press purporting to give, on Mr. Rockhill's authority, the exact sums demanded from China. The statement is exceedingly incorrect in representing Germany as claiming \$30,000,000 more than France and only \$20,000,000 less than Russia. As a matter of fact, Germany only demands \$60,000,000, France \$65,000,000 and Russia \$85,000,000. Deep regret is expressed for the misleading American account, which is commented upon by the English press in a spirit calculated to offend Germany. There is great indignation at the suggestion that Germany claims heavy damages for Baron von Ketteler's murder.

**Germany in Diplomatic Command.**  
Washington, D. C., April 17.—Advices received at the state department

## Sympathy

Is a good thing for the young husband to give the young wife. But sympathy will not abate one jot of her nervousness or lift her to that plane of sound health where alone the wife and mother can find happiness.

**Dr. Pierce's Favorite Prescription** meets every womanly want and need. It tranquilizes the nerves, restores the appetite and induces refreshing sleep. Its use previous to maternity makes the baby's advent practically painless and gives the mother abundant nutrition for her child. "Favorite Prescription" is a woman's medicine and has no equal as a cure for womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

Accept no substitute for "Favorite Prescription." No other medicine is "just as good" for weak and sick women.

"It affords me great pleasure to be able to say a few words in regard to the merits of Dr. Pierce's Favorite Prescription and 'Genu Medical Discovery' writes Mrs. Flora Ann, Dallas, Jackson Co., Mo. 'I was tempted to try these medicines after seeing the effect upon my mother. At an early age of married life I was greatly bothered with painful periods, also troublesome drain which rendered me weak and unfit for work of any kind. I became so that there was nothing left of me but skin and bone. My husband became alarmed and got me a bottle of 'Favorite Prescription.' After he saw the wonderful effects of that one he got two more, and after I used those up there was no more pain, and I began to gain in flesh very rapidly.'

leave no room for doubt that Germany controls the diplomatic situation in Peking. A strong combination of nations has been formed with a certain majority of one in the international concert which makes it practically impossible for any other than a radical course to be adopted if the recognition of majority rule continues. The representatives of the dreihund at Peking are voting together on every proposition, and it is now apparent that they have the hearty co-operation of the ministers of the three smallest nations engaged in the negotiations—Spain, Holland and Belgium. Against this combination are arrayed only the United States, England and Japan, for the position of Russia is uncertain and France appears to lean toward the German coalition. The amounts demanded by the several nations may now be given on authority. Russia leads the list with \$87,500,000; Germany is next with claims nominally amounting to \$70,000,000, but actually to a much greater amount. Then comes France with \$66,000,000. The American claims aggregate \$25,000,000, England's about \$22,000,000, and Japan's between the American and British aggregates.

**Fatal Train Wreck in Iowa.**  
Woodbine, Ia., April 17.—A head-on collision here at 9 p. m. between two Illinois Central passenger trains resulted in the death of one man, probable fatal injury of another, and the serious injury of several passengers. The dead: Meinzer, engineer, of Fort Dodge, Ia. The injured: James Wheeler, engineer, Council Bluffs, Ia., fatally; J. E. Jewell, 517 Greenleaf avenue, Chicago, hip; Evangeline Dahl, nose broken; A. Nichols, colored porter, Chicago, chest crushed; aged Italian woman, foot crushed; D. L. Pelton, Woodbine, Ia., druggist, badly bruised.

### DOINGS OF THE LAW MAKERS.

**ILLINOIS.**  
Tuesday, April 16.  
Hereafter the house will hold a morning session at 9 o'clock and an afternoon session at 2. The senate did not convene today and the house, failing of a quorum, devoted the day to advancing bills. The Crafts bill for the establishment of a uniform system of public accounting, auditing and reporting under the auditor of public accounts was reported favorably by the judiciary committee. This is one of the three bills prepared by Allen Ripley Foote of Chicago.

The omnibus appropriation bills for the charitable institutions and for all the educational institutions excepting the University of Illinois have been prepared. They will be introduced in the senate by Senator Chapman. The bill for the expenses of state charitable institutions makes an appropriation of \$1,629,500 for the year beginning July 1, 1901.

**Luxury in a Prison Cell.**  
New York, April 17.—City Councilman Stewart M. Brice is going to Ludlow street jail today. He has already picked out his cell, furnished it, and had his trunk sent around. He is now at his home, 693 Fifth avenue, awaiting the formal signing of the order for his arrest by Justice Scott and the serving of it by Sheriff Grell. He has decided to make no further legal fight against the decree of Justice Scott sentencing him to ten days' imprisonment and \$475 fine for contempt of court in not voting for the Hall of Records bonds. His cell has been elaborately furnished and he has made all arrangements at Sherr's to have his meals sent to him from that famous restaurant.

**Plot to Kill the Kaiser.**  
New York, April 17.—A dispatch from Berlin says: The entire body of German police, especially those stationed at seaport towns, and the Berlin political police is eagerly watching for an anarchist named Romagnoli. It has transpired that Romagnoli, who recently lived in South America, is now on his way to Germany, instructed by the Buenos Ayres Anarchist club with the task of assassinating the Kaiser. Romagnoli so far has evaded the police. It is conjectured that he left the ship at some intermediate port.

**Will Build a \$500,000 Theater.**  
San Francisco, Cal., April 17.—The Examiner says that a syndicate of New York capitalists has been formed to build a theater in this city. The proposed structure will seat 3,500 persons and will be devoted to vaudeville performances. It is said that \$500,000 will be invested in the enterprise.

**Ex-Statesman Is a Suicide.**  
Seattle, Wash., April 17.—In a fit of despondency over business reverses, aggravated by the depressing effects of an attack of grip, Melvin R. Baldwin, an ex-congressman from Minnesota and former state superintendent of Indian Affairs under President Cleveland, committed suicide.

**General King's New Post.**  
Milwaukee, April 17.—Gen. Charles L. King said today that he had been tendered and had accepted the command of the Orchard Lake (Mich.) Military academy. Gen. King said the command was not as yet a permanency.

**Prince Louis Napoleon Weds.**  
Brussels, April 17.—The Petit Bleu says that Prince Louis Napoleon has married the Grand Duchess Helena, daughter of the Russian Grand Duke Vladimir.

**The Druggist Recommends LAXAKOLA**  
The Great Tonic Laxative, as the One Great Family Remedy for All Stomach Ills.

**Skin Blotches** Muddy, Sallow Complexions Can Only Be Cured by Purifying the Blood. Laxakola Does It. Blotched, sallow, unwholesome and muddy skin, with its consequent mortification, often leading to morbid seclusion, shows that your blood is bad. The only way to clear the complexion and restore it to its normal healthy, velvety condition is to clean out the entire system, purify the blood and remove the causes. Laxakola does it, as well as acting directly on the pores and assisting the perspiratory glands to throw off impurities.

**Constipation** Can Be Surely, Quickly and Permanently Cured. You have a full feeling, with dizziness, headache, heartburn, palpitation, foul breath and bad taste, the stomach becomes distended, the eyes heavy and yellow, and the skin pale, sallow, muddy and blotched, accompanied by loss of sleep, appetite and vitality. Laxakola at once relieves and cures these by toning up the stomach, increasing the flow of gastric juice, resulting in a return to the natural feeling of good health.

**For the Children** Children Die from Stomach Diseases which Laxakola will Speedily Cure. It is a dangerous thing to give little babies violent remedies that rack and rend their little bodies. DON'T DO IT—Give them Laxakola. For constipation, coated tongue, simple colds and fevers it is invaluable. It is the best and most effective laxative for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-irritating and never grips or causes pain or irritation. BEST because it is sure and never fails. BEST because "Children like it and ask for it."

At druggists, grocers and spec. or free sample of THE LAXAKOLA CO., 725 Nassau Street, N. Y., or 356 Dearborn Street, Chicago.

Trade supplied by King's Pharmacy and People's Drug Store.

**Told by Pain**

If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more danger there is in delay. There are thousands of women to-day who are bearing awful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhoea. They let the months pass and their trouble becomes harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells them of danger they can cure themselves by the use of

**WINE OF CARDUI**

in the privacy of their homes. You can be cured without distressing publicity. With these facts before you there is no reason for the delay which is increasing your misery and wasting the days of your life. Why not stop the pain today?

I have used one bottle of Wine of Cardui and one package of Bedford's Black-Dragee. Before I began to take your medicine I had pains in my back, hips, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going to use your medicine until I get cured, for I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. I thank you for your wonderful medicine and what it has done for me.

**POND'S EXTRACT**

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.

**Government Profit on Pennies.**  
Pennies do not consist of copper alone, there being in them 2 per cent of tin and 3 per cent of zinc to 95 per cent of copper. They cost the government about 42 cents a pound, exclusive of stamping, and there are 148 in a pound, so that the government makes a fair profit on every pound minted, since, while they are redeemable in gold, but few are ever presented.

**Old Watch Interests Antiquarians.**  
A watch believed to have been lost some time about 1627, which has been found on Poverty island, at the mouth of the Connecticut river, is attracting great attention from antiquarians. The watch is a large silver one and on the inside of the outer case is engraved a name which cannot be made out and the date 1627.

**Omega Oil**

**IN OLD AGE**—As people get old their bodies dry up, like plants when winter approaches. Their skin wrinkles and their joints harden. The back aches. The shoulders and arms get lame. The legs become weak. The feet are tender and sore. The natural oils of the body are exhausted, and something is needed to produce the strength and vigor that Nature herself supplies in the earlier years of life.

The best thing for this is Omega Oil. It is a god-send to the aged if ever there was one. It makes the declining years of life free from the pains that come as the days go by. Many a grandfather and grandmother find in Omega Oil the only thing that does their aches any real good. They simply rub it on their sore spots, and the pain stops. It is good for everything a liniment ought to be good for.

Never take a substitute for Omega Oil. If your druggist persistently refuses to give what you ask for, the Omega Chemical Co., 257 Broadway, New York, will mail you a bottle, prepaid, for 50c. In cash, money order or stamps.
